EDUCATION

Apr 2014 Bachelor of Technology: Computer Science

JNTU Anantapur - Andhra Pradesh

PROJECTS

Ecolab Verified Delivery (Supply Chain)

The Ecolab Verified Delivery app allows drivers to avoid wrong tank deliveries, with multiple digital points of verification from truck loading to delivery. Ecolab Verified Delivery has been designed to fully align with delivery procedures and provide strong digital support to your daily delivery tasks. I have been involved in complete functional and end-to-end testing based on the business requirements. I have participated in testing in QA, UAT, and Production environments as well

Bath and Body works (E-Commerce)

Bath & Body Works is one of the world's leading specialty retailers of fragrant products for the body, hands & home. Customers look to Bath & Body Works for quality, on trend products and the newest, freshest fragrances

OLX (E-Commerce)

OLX is a leading global online marketing place founded in 2006 which acts as bridge between users for happening buying and selling the goods by making necessary payments. OLX will also help users by placing their goods at the top of the pages in the site which helps in quick sale and provides deliveries to named locations to make user's work as simple as possible
